

SE – The Cabinetmakers' Autumn Exhibition 2006

## Vennelyst

*Frederiksberg Have Friday 2 June – Sunday 9 July 2006*

### *Vennelyst*

For the past 25 years, the SE exhibitions have been staged in sober, well-lit exhibition spaces with proper podiums. This year, we step outside. Outside the museum space and into a public park that radiates history, beauty and life.

This year's exhibition focuses on the bold and the welcoming. We set formalities aside for awhile and throw ourselves headlong into a popular public space.

Welcome to Vennelyst!

### **The Cabinetmakers' Autumn Exhibition**

SE is an association of 64 furniture manufactures and architects. SE's purpose is to develop and stage an annual exhibition of new and experimental furniture types with strong practical and artistic qualities and excellent craftsmanship.

The association acts as an innovation lab for future furniture types and concepts.

SE is under the patronage of HRH Crown Prince Frederik of Denmark who will be present at the opening of the exhibition.

In connection with the opening, we welcome Ejnar Pedersen, PP Møbler as a new honorary member of SE – The Cabinetmakers' Autumn Exhibition.

SE has a new website, which is launched on 2 June. The association celebrated its 25th anniversary by creating a web archive presenting all the furniture items that have featured in SE exhibitions over the years. It will be possible to search for designers, manufacturers, members and guest exhibitors.
